SMETA

The Real Flavour of
INDIA

B.P. Spices is a Government of India recognized Star Export House, BRCGS & SMETA certified Manufacturer, Exporter, and Importer of Whole, Ground & Blended Spices, Seasonings, Oil Seeds, Herbs, Pulses, Grains, and other Agro products from India. We specialize in Bulk Packaging, Retail Packaging, and Private Label Solutions for Global Markets.

Sitting at the heart of India's spice hub, we stay updated with daily market prices, industry trends, and realistic market fundamentals. Our state-of-the-art facility spans 16,645 sq. mt., with all operations managed in-house under one roof, equipped with advanced German technology machinery and high storage capacity. With strict quality control systems, customized packaging solutions, and internationally certified processing standards, we proudly serve customers across global markets with reliability, consistency, and excellence.

Our Commitment to Quality

At B P Spices, quality is at the heart of everything we do. Delivering premium-quality products is not just our promise — it is our responsibility. From sourcing directly from farmers and trusted suppliers to advanced processing and eco-friendly packaging, every step is handled with precision and care to ensure products that consistently exceed customer expectations.

Our meticulous approach guarantees the highest standards of purity, freshness, and consistency across all our product categories. Every batch undergoes rigorous multi-stage quality testing, backed by ISO 22000, HACCP, and FSSAI certifications — giving our customers complete confidence in every product we deliver.

Located in Unjha — Asia's largest spice hub — we stay closely connected to daily market prices, global trade trends, and industry fundamentals. Our fully integrated in-house facilities, spread across 16,645 square meters, are equipped with state-of-the-art German technology machinery and high-capacity storage systems to ensure efficiency, consistency, and product integrity at every stage.

With more than 33 years of industry experience and exports since 2012, we possess deep-rooted expertise and understanding of agricultural commodities — from sourcing and processing to packaging and global delivery.
